INTERNATIONAL SEARCH REPORT

PCT/IB2004/050918

A. CLASSIFICATION OF SUBJECT MATTER IPC 7 G01B7/30 G01D5/16 G01D5/16 According to International Patent Classification (IPC) or to both national classification and IPC B. FIELDS SEARCHED Minimum documentation searched (classification system followed by classification symbols) IPC 7 G01D Documentation searched other than minimum documentation to the extent that such documents are included in the fields searched											
B. FIELDS SEARCHED Minimum documentation searched (classification system followed by classification symbols) IPC 7 G01D											
B. FIELDS SEARCHED Minimum documentation searched (classification system followed by classification symbols) IPC 7 G01D											
Minimum documentation searched (classification system followed by classification symbols) IPC 7 G01D											
Documentation searched other than minimum documentation to the extent that such documents are included in the fields searched											
Documentation searched other than minimum documentation to the extent that such documents are included in the fields searched											
Electronic data base consulted during the international search (name of data base and, where practical, search terms used)											
EPO-Internal, WPI Data											
C. DOCUMENTS CONSIDERED TO BE RELEVANT											
Category Clatton of document, with indication, where appropriate, of the relevant passages Relevant to cl	aim No.										
X K. DIETMAYER, M. WESER: "Contactless 1-6											
Angle Measurement"											
PHILIPS SEMICONDUCTORS APPLICATION NOTE
